Geotextiles and Geomembranes **8** (1989) 345–346

CONTENTS OF VOLUME 8

Number 1

Evaluation of Geotextile/Soil Filtration Characteristics Using the Hydraulic Conductivity Ratio Analysis 1
NEIL D. WILLIAMS & MOUNIR ANWAR ABOUZAKHM (USA)

Leakage through Liners Constructed with Geomembranes—Part I. Geomembrane Liners 27
J. P. GIROUD & R. BONAPARTE (USA)

Book Review 69

Number 2

Leakage through Liners Constructed with Geomembranes—Part II. Composite Lines 71
J. P. GIROUD & R. BONAPARTE (USA)

Bond Strength between Geotextiles and Concrete 113
JAMES H. LONG, STANLEY L. PAUL & RICHARD G. LAMPO (USA)

The Sealing of Geotextiles by Manures 133
S. F. BARRINGTON, S. O. PRASHER & K. DUHAIME (Canada)

A Simple Laboratory Method to Estimate the In-Soil Behaviour of Geotextiles . 147
A. KOKKALIS & N. PAPACHARISIS (Greece)

Discussion 159

Number 3

Special Issue: Geotextiles and Geogrids in Pavements

Introduction 161

Geotextiles and Geomembranes (**8**) (1989)—© 1989 Elsevier Science Publishers Ltd, England. Printed in Great Britain

Aggregate Base Reinforcement of Surfaced Pavements 165
FRANCIS CHAN (UK), RICHARD D. BARKSDALE (USA)
& STEPHEN F. BROWN (UK)

Hydraulic Requirements of Geocomposite Fin-Drain Materials Utilized in Pavement Subdrainage 191
BARRY J. DEMPSEY (USA)

Use of Geotextiles for Reinforcement and Strain Relief in Asphalt Concrete . . 217
ROBERT L. LYTTON (USA)

Field Performance of Fabrics and Fibers to Retard Reflective Cracking . . . 239
DEAN A. MAURER & GERALD J. MALASHESKIE (USA)

Technical Note
Reinforcement at Asphalt–Granular Base Interface 269
CHRIST A. P. M. VAN GURP & RONALD L. M. VAN HULST
(The Netherlands)

Number 4

Effects of Geotextiles on Lateral Pressure and Deformation in Highway Embankments 275
THOMAS V. EDGAR, JAY A. PUCKETT
& RODNEY B. D'SPAIN (USA)

Strength of Fabric Reinforced Sand Under Axisymmetric Loading 293
B. CHANDRASEKARAN, BENGT B. BROMS & KAI S. WONG
(Singapore)

On the Design of Geosynthetic-Reinforced Walls 311
DOV LESHCHINSKY & E. B. PERRY (USA)

Shear Strength of Geomesh Reinforced Clay 325
RAID R. AL-OMARI, H. H. AL-DOBAISSI, Y. N. NAZHAT
& B. A. AL-WADOOD (Iraq)

Technical Note
Evaluation of the Rate of Leakage Through Composite Liners 337
J. P. GIROUD, A. KHATAMI & K. BADU-TWENEBOAH (USA)
